EDITORS MESSAGE

Welcome to 2013!

Hopefully everyone had a fun and safe holiday season.

It was a pleasure for me to travel to the South Dakota Simmental Annual meeting and banquet this past December. They hosted a great event! Their 2nd Annual Sale was also a success and we look forward to watching them progress more in the years to come!

The North Dakota Simmental Association also held their Annual meeting and banquet in December along with their Annual sale. Fun was had by all! This year, the sale in Mandan was a record setting sale!

Please read more about the award recipients from each State Association's banquet and the sale results from each state's sale in this issue. Both associations have many active members who make these events fun and successful.

The bull sale season is upon us, as is evident in this issue. Please take time to look through the ads in this magazine to see the great genetics offered this sale season.

Sincerely,

Erika Kenner

2012 NORTH DAKOTA PIONEER AWARD

Joe Bata, Adams, ND

Joe Bata graduated from NDSU in 1972 with a Bachelor's Degree in Animal Science and returned home to the family farm in 1973. In the 70's, he ran the single largest SPF purebred Yorkshire confinement herd in ND and had a herd of Holsteins and Herefords. In 2000, he sold out of the hog business and placed more focus on the cattle and enlarging the grain farming. Currently, the cattle herd consists of 120 red and black purebred cows.

In the late 1970's he was loaned a Simmental bull for 2 years, and during those two years he saw a 100 to 200 lb bump in weaning weights. It was at that time he became excited about Simmentals. Not long after that, he began to purchase purebred cows, and in 1981 joined ASA, and sold his first bulls in 1982. Today performance is still one of the biggest factors in their herd, just like in 1982. A couple of his prize bulls have been BBS Red Cadillac, BBS Red Canadian, and BBS Zima. Zima was the high selling bull sold in the 1994 ND Select Sale and went on to be one of the most used red purebred bulls in the US and Canada. He has also marketed Simmental internationally, having shipped bulls and heifers to China and Mexico. They have a joint sale in Rugby, ND with Olafson Brothers and this year will be their 16th Production Sale.

Joe served on several Pork Producer boards and showed hogs and cattle at many shows, including the ND winter shows, State Fair, and Agribition. He has served on the ND Simmental Board and was President for 6 years. He was named ND Simmental

Association Promoter of the year in 1993. He has contributed extensively to the NDSU Animal Science Simmental program by donating a heifer every year for 8 years, as well as several units of semen. Their ranch is also a regular stop for the NDSU judging team.

He was on the NDSU judging team and won the NDSU JH Sheppard award in 1972. He served as a 4-H leader for 20 years, and has judged several livestock shows at National, State and local levels. He's been a well-known supporter and award winner of numerous bull and steer tests and has been actively involved in the Walsh County Fair, Walsh County Livestock Improvement Assoc, Adams Public School Board, and his local church. He also serves on the Choice Financial Bank Board of Directors.

Joe and his wife, Patty, just celebrated their 40th wedding anniversary, have 4 married children and 4 grandchildren. Two sons, Chris and Mark now farm with him, Joey is an engineer at John Deere in Valley City and their daughter, Karla is an Assistant professor of nursing at NDSU.

2012 SOUTH DAKOTA COMMERCIAL PRODUCER OF THE YEAR AWARD

Nick & Gena Shoenfelder, Huron, SD

Nick and Gena Shoenfelder have been in the cattle business since the 70's and 80's. Gena actually started in 1972, while Nick started in 1982. Nick started out with bulls from 3C Simmental. He was impressed with the performance from the Simmental. They utilize the SimAngus cross and have about 100 stock cows.

The Shoenfelder's calve in March and April and in the last 3 years with the high corn prices, they started marketing their calves directly off the cow. This is

proving to be beneficial for them. They primarily purchase their bulls from John Christensen at 3C Christensen Ranch, but also support several other South Dakota Simmental breeders.

Nick and Gena have 3 kids. Their oldest boy enlisted in the marines. He became interested in serving our country after the 9/11 attacks.

Bata Brothers/Olafson Brothers

Begger's ^{Diamond} V

Big Sky Genetic Source Bull Sale

Wednesday, February 6, 2013, 12:30 PM
at the ranch, Wibaux, MT

150 Simmental, SimAngus™ and Angus Bulls Sell
60 of them are 18-month-old bulls

40 Purebred Simmental Bulls, most will be
homozygous Black and all are Polled
85 SimAngus™ Bulls • 25 Angus Bulls

Angus cow with
a seven-month-old bull calf

Why Buy From Begger's Diamond V? *Extra Profitability. Because....*

- We know as a commercial producer you sell your cattle based on weight and how they look (quality). How value is determined varies, whether it is in the auction market, in the country, by video or on the rail. Be assured quality and performance has been the basis of our program from the beginning.
- Reputation — take away all the numbers, all the EPDs and fads . . . Begger's Diamond V Ranch has strived to raise only high quality cattle for over 37 years.
- At Begger's Diamond V Ranch you are not just buying a bull you are buying a program.
- Our 37 years of AI'ing and embryo transfer gives you access to the top genetics of the Simmental and Angus breeds, which allows you access to the very best genetics.
- You will experience fewer time consuming management problems, especially with calving ease and calf vigor, udders, fertility, feet, legs and disposition because we cull our herd for such problems.
- You are selecting from the top end, the bottom has already been culled.
- Our cattle are raised in an unpampered environment to ensure that they will work for you.
- EVERY bull has an efficient, hard working mother that does her job in eastern Montana's tough environment.
- Responsibility — We accept the responsibility to provide you with only predictable genetics. They must meet our standards before they meet yours.
- Our success depends on yours and we expect your purchases to work for you. We stand behind them 100%.
- Bulls are 5.5 to 6.5 frame.
- Bred for calving ease, fast growth, efficiency, maternal strength and carcass quality.
- Bulls are developed for ranchers on a high roughage ration with very little starch and plenty of exercise.
- Every bull was born, raised and developed on our ranch. We believe that by keeping them home and out of commercial feedlots and sale barns, we offer a bull that is less likely to be exposed to some unwanted disease.
- Maternal and direct calving ease is a must. If they are not born easily and alive, nothing else matters.
- All bulls sell free of BVD and all genetics defects!

2012 NORTH DAKOTA PROMOTER OF THE YEAR AWARD

Terry Robinson, Bismarck, ND

There probably aren't many North Dakota cattle producers who do not know Terry Robinson. Terry has worked for the Farm & Ranch Guide since August of 1981 and enjoys assisting ranchers promote their cattle. He graduated from NDSU in 1970 with a major in psychology and a minor in sociology. His first job was with the ND REC magazine. He worked there for 11 years, where he ended as advertising manager. In 1981, he became one of the original creators of the Farm & Ranch Guide. It was sold in 1988 to Lee Enterprises and he became director of Livestock Services. Lee Enterprises was so impressed with the success of the agriculture publications that they added a division – Lee Agrimedia and now have nine major agricultural publications. Terry is now the director of all the Livestock personnel in the division.

Terry was not raised on a farm or ranch, but did farm work for some friends from time-to-time. He attended his first cattle sale on the job for ND REC. He learned the cattle business from a marketing standpoint and held no prejudice towards any one or any breed. He has seen first hand how to successfully or unsuccessfully market cattle and is a wealth of knowledge to cattle producers.

Terry is committed to the cattle industry and goes above and beyond his job description to promote his customer's programs. He advises numerous ranchers on ways to enhance their programs through marketing and breeding, and especially helps those starting out in the business. When he speaks to marketing classes, he always says, "Marketing is about creating an atmosphere to sell."

Terry said, "I love my job! Every morning I wake up and can't wait to go to work! I am so lucky!" He also stated, "This is the greatest industry with the greatest people and I get to live in the greatest place!"

Terry's is also committed to our country and holds the prestigious title of Brigadier General of the

North Dakota National Guard. His service started in May of 1970 after signing on to a Naval Aviation Officer Candidate School. He was 2 weeks away from graduating, but after Vietnam, the program was cut. They were given several options and he chose to discharge on request, which was offered because the military had broken their contract. Then he joined the Army Reserves and went to Officer Candidate School, becoming 2nd Lieutenant. After 9 years, he transferred to the National Guard, where he was an engineer for 26 years. He commanded many engineering departments including Devils Lake. He retired in 2003 as a Colonel. In 2009, Governor Hoeven called him back to help with the flood and promoted him to Brigadier General. In 2011, Governor Dallymple called him back again to assist with the Devils Lake flood.

Long-time friend and co-worker, Jeff Thomas, presented the award to Terry.

Terry married his high school sweetheart, Joyce, in 1969 (43 years). They have 2 children and 7 grandchildren who all live in the Bismarck/Mandan area. He is a devoted family man who enjoys seeing his grandkids often.

Terry is a friend and advisor to many North Dakota Simmental breeders and the North Dakota Association. His passion for the cattle industry is contagious and his generosity is unbeatable. The ND members thank him for all he does.

2012 SOUTH DAKOTA PROMOTERS OF THE YEAR AWARD

The South Dakota Simmental Association and the South Dakota Board of Directors says thank you to everyone for a very successful 2012 North Central Regional Classic held in Huron, SD. After spending over a year planning, fund raising, finding donations, sponsors, and volunteers, this well organized event served awesome meals daily and concluded with prizes, friendships, and memories that will never be forgotten by the kids.

The following families have been selected as the South Dakota Promoter of the Year for the things they have done for this event, as well as in the past. Cathy and Steve Eichacker, Salem, SD have served as junior advisors for 15 years and were major organizers of the Regional. Also thanks to Raphael, Judy, and Greg Eickacker who picked up extra jobs and tasks and managed the farm during this event. Kristi &

Chris Effling, Highmore, SD along with Lanny & Janyce Wager, Gettysburg, SD supplied many long hours of volunteering throughout the event and assisted with fundraising. The North Central Regional would not have been as successful without the many volunteer hours of these great people.

— Written by Kipp Julson

Kristi and Chris Effling receive the Promoter award from Scott Werning.

2012 NORTH DAKOTA COMMERCIAL CATTLEMAN OF THE YEAR AWARD

Joe Kalberer from Hazelton, ND

Joe's first experience with Simmentals was in the late '80s when Joe and his brother Wayne purchased their first Simmental Bulls. Joe said he always liked the conformation of the Simmental cattle. In 1995, Joe purchased his own farm and decided to use Simmental bulls on his cowherd. Joe said he was surprised at how much progress was made with calving ease and vigor. He also noticed heavier weights on his calves in the feedlot.

Today, Joe along with his wife Deb and three children Katie, Tyrell, and Karlee, run about 300 commercial Simmental and Red Angus crossbred cows that start calving around the first of April. They retain about 50 replacement heifers each year and the balance are sold to other producers as replacement heifers. Joe says that producers

call him for replacement heifers because they love the Simmental/Red Angus cross females and he usually sells them to repeat customers at a premium and noted that they sometimes even outsell the steers! The steer calves are backgrounded and marketed in January.

Recently, Joe began to AI his replacement heifers and about 1/4 of his cowherd to popular Simmental Sires. The balance of his cowherd is naturally serviced with Simmental Bulls. Joe recalled that when he went to bull sales he could never afford the ones he wanted so he decided to improve his genetic base by using the sires of those bulls in his own program. The oldest females of his resulting AI program are now 5-year-old cows and Joe said he is seeing the value of the AI sired females and their impact as they are tremendous cows.

Joe plans to continue to utilize AI in his program and he also plans to continue using Simmental Bulls to cover his cowherd. I am sure most of you have seen Joe evaluating bulls out in the pens during the spring sales and he has supported many of the programs in the state. We feel he is a very deserving recipient of the 2012 Commercial Cattlemen of the Year Award!

KLAIN SIMMENTAL RANCH

Durnell, Darcy, Tyler, Dalyce and Trey Klain
(701) 448-2408 • 1364 20th St NW • Ruso, ND 58778

Thank You!

BOB GRANT

Bob Grant was the secretary/treasurer of the North Dakota Simmental Association for 15 years. During his tenure, he ran a tight ship and made sure every "I" was dotted and every "t" was crossed. The Association was lucky to have him in that position for so long.

The Board looked to him often for guidance and the membership always knew who had all the answers! His meticulous record keeping kept each Board organized. Through the 15 years, Bob worked with many different members who were on the Board. They all witnessed the dedication and passion Bob has for the Association.

The North Dakota Association will miss him as Secretary and wishes him well. Bob serves as President of the ND REC Board and is Chairman or a Director of 7 other boards, so he will stay busy!

Thank you, Bob!

February Issue DEADLINE January 18th!

Mike Johnson, McCanna, ND and Mike Traxinger, Claremont, SD, were both consigners and bidders. Mike Johnson donated the donation heifer, which raised more money than ever before!

Junior member, Morgan Cummings, Berthold, ND purchased one of the high selling open heifers!

Knee surgery couldn't stop Larry and Michelle Tourdot, Reedsburg, WI from consigning to the ND sale!

Like-Minded Companies Joining Forces

www.selectsiresbeef.com

www.alliedgeneticresources.com

Select Sires has partnered with Allied Genetic Resources

to enhance our lineup with powerful
Simmental and SimAngus™ genetics.

With a goal of fortifying our offering and
continuing to focus on the success of
commercial beef producers,
Select Sires believes in and
endorses the use of
crossbreeding in
the commercial
beef industry.

"We believe the commercial beef industry is showing a renewed interest in the feed conversion advantages of crossbred steers, in addition to the fertility and stayability advantages of crossbred females," said Dr. Aaron Arnett, vice president of beef genetics at Select Sires Inc. Partnering with Allied is an obvious fit for Select Sires because their breeder-owners are commercially focused, which is in line with the goals of our core customer base — the commercial cattleman."

"We represent a very highly regarded group of breeders who are absolutely committed to customer service and the larger beef business," explained Marty Ropp, chief executive officer of Allied. "Select Sires has the same kind of reputation when it comes to targeting commercial production and overall beef chain profitability from conception to consumption."

Select Sires and Allied are both
dedicated to the success of our customers and
committed to genetic improvement. Friendships
and trust will be mainstays in this partnership as
we work to deliver profitable, performance genetics
to the beef industry.

SCENES FROM NORTH DAKOTA

Weekend

Jason Schmidt, Medina, ND and past ND Stockman's President spoke at the Annual Meeting about the importance of telling our story. Schmidt is a long-time supporter of Simmental cattle.

Mike Johnson lost a bet after the Bison football team won and was forced to wear an NDSU shirt for the rest of the weekend!

Sale Manager, Jeff Thomas, and great-nephew, Breece Oakland. Looks like he wants to follow in his great-uncle's footsteps!

The 2013 ND Board of Directors: front row (l-r): Vice President, Kevin Elliott, Clifford, ND; President, Erika Kenner, Leeds, ND; Tyler Kinn, Turtle Lake, ND; Secretary/Treasurer, Kim Myers, Kathryn, ND. 2nd row (l-r): Mike Johnson, McCanna, ND; Luke Keller, Mandan, ND; Cody Hansen, Ryder, ND. Back row (l-r): Chris Nicholson, Dawson, ND; Claye Kaelberer, New Salem, ND; and JR Aufforth, Bowbells, ND.

The Juniors hold a successful fundraiser at the banquet. Bill Begger is always so generous to help auction the items for them!

ASA Trustee, Kevin Thompson, Almont, ND, updated the membership on the happenings at the National level at the Annual meeting

The 2013 South Dakota Simmental Board of Directors (l-r): Cam Christensen, Scott Werning, Jeremy Lehrman, Vice President Kipp Julson, Secretary Ryan Miller, Tim Naaz, and Treasurer Deb Ford. Not pictured: President Clay Ekstrum.

Kipp Julson was recognized from President, Steve Reimer, for all the hard work he put into organizing the Regional Classic in Huron, SD.

2012 President, Steve Reimer, welcomed everyone to the banquet. He was also the master of ceremonies for the event.

Sale Manager, Kelly Schmidt, addresses the SD Simmental Association banquet attendees.

• Affordable Bulls •

The majority of our bulls sell in the \$3000-\$5000 price range, and 95% go to Commercial Cowboys

"THE BULL BUSINESS" IS WHAT WE DO!

Supplying Quality Herdbulls for progressive Cattlemen for 40 years!

The value of MRL bulls is 40 years rich in history with commitment to quality, functional, ranch-raised genetics that can only be matched by the longevity of a breeding program. "No Fluff No Puff". Over 600 mother cows managed the same as our commercial customers' herds. The 150 bulls on offer rise to the top on the strength of their genetic makeup, backed by our highly regarded cow herd and one of the top herd bull batteries in the business. Calving ease, performance, maternal traits, herd bulls that work in the real world. "Come see for yourself what keeps the commercial cowboys coming back year after year!" Give us a call or email for a full color catalogue and bull video.
