Editor's Message

Erika Kenner

For most in the Dakota's, it has been a challenging year. There was too much water, not enough water, colder than normal temperatures, a winter that didn't want to end and then in early October a very early, devastating winter storm.

Coming in to the Holiday Seasons, it seems like it would be hard to be thankful for anything when there's been so many hardships, but we still have much to appreciate.

We live in the Midwest plains where neighbors help each other. We are also part of an industry that sticks together and calls each other friends. There have been some relief funds set up for the ranchers affected by the October 4 storm and you will see several more fundraisers at future sales where you can donate.

Cattle markets are up and despite all the efforts of the activists, people still want to eat beef! Simmental is still gaining momentum, as feed yards desire SimGenetics.

We are also fortunate to welcome several new members in the Simmental business this year! Several are consigning to the South Dakota and North Dakota State sales, so please take time to personally welcome them.

The livestock community also lost a great leader this past year. Terry Robinson was a great friend to North Dakota and the surrounding states. There will be a great void at the ND Simmental Classic and many sales around the area. He will be greatly missed.

This holiday season give thanks for your health, family, and friends. Plan to attend the state meetings and sales in South Dakota and North Dakota and join in the fellowship of other cattle producers!

Happy Holidays,

Erika Kenner

News Briefs

ND Simmental Association to award Scholarship

The North Dakota Simmental Association Board of Directors recently approved to award a \$500 scholarship to a 2014 high school graduate attending college next fall. Preference will be given to applicants coming from a livestock based background that include the use of Simmental genetics. Applicants must be pursuing a degree in an agricultural program. The scholarship application can be downloaded off the NDSA website. Deadline is March 15, 2014.

Please visit www.northdakotasimmental.com for more information. Contact Claye Kaelberer, Chris Nicholson, or Kevin Elliot with any further questions.

NDSA Director Positions Open

The North Dakota Simmental Association has two positions open and one eligible for re-election in December. Mike Johnson (Northeast Region) and Erika Kenner (At Large) are not eligible for re-election and Chris Nicholson (Southeast Region) is eligible for another term.

The NDSA did re-district last year, so now there is only an East and a West Region, which means the Northeast and Southeast are now the East. The Director At Large can be from either region.

If you or anyone you know are interested in running for a ND Simmental Board position, please let a current board member know or attend the meeting on December 27 to voice your nomination!

Remembering our good friend, Terry Robinson
