Fall 2013 ASA Sire Summary

Semen is \$40, contact owner:

- KECH/4E Bankroll Z303 comes as Broker's best son to date. He breaks all the rules when it comes to Purebred Simmental cattle and is unequaled in his type and kind.
- This bull is powerfully constructed from the ground up, fluid in his movement, attractive headed, perfect in his hip, tail head, and hind one third, with that incredible overall look we have come to expect from his sire.
- Bankroll's dam, Patsdale Mary, is a no-miss donor at 4E Simmentals in Plaza, ND, and is currently writing her own page in the Simmental world.
- Feel free to view Bankroll for yourself at Dakota Sire Service in Mitchell, SD, or while working the pastures of Goeken Cattle in Utica, SD. Bankroll is a game changer for the Simmental Breed.

North Dakota Simmental Association

*Still committed to the aims and objectives
that started the association in 1970.*

- The development and promotion of the Simmental breed of cattle in North Dakota.
- Show how the Simmental breed can make an important contribution to the cattle industry in North Dakota.

Remember the following:

- Simmental picnic at the North Dakota State Fair — EVERYONE WELCOME — Board members grill hamburgers and brats. Good conversation and refreshments. July, same day as Simmental Open Show.
- North Dakota Classic Sale, December — Mandan, ND.
- North Dakota Simmental Association Annual Meeting and Banquet. December — Bismarck, ND.
- Watch our website
www.northdakotasimmental.com
for updated dates and events.

ASA Performance

As feed costs continue to rise Stavick Simmental has dedicated itself to production, profitability and performance. As indicated by the American Simmental Association we are considered a "performance advocate". It is the highest level of reporting data on ALL cattle in the herd, and is the fastest and most predictable path to making genetic change in any breed. We have earned this distinction since 2010.

Each year all cows are enrolled in the Total Herd Enrollment (THE) program and individual data is collected throughout the year. This data includes Birth Weight, Weaning Weight, Yearling Weight, Yearling Hip Height and Ultrasound data for carcass measurements.

From Head to Tail ...
Maternal to Rail ...

Mr NLC Annuity Y1123

Homozygous Black
Homozygous Polled SimAngus
Sire: TNT Tanker
Dam: Leachman Right Time

Annuity was selected out of the outstanding NLC herd in South Dakota as the lead off bull in their 2012 sale where he indexed 111 at weaning, 118 at yearling and 118 for REA. He is siring calves with tremendous length of body, good looks and a massive amount of thickness.

CE: 5 BW: 2.7 WW: 76 YW: 126 MCE: 11 MM: 27 MWW: 65

LRS Time Traveler 37X

Homozygous Black
Homozygous Polled SimAngus
Sire: HTP SVF In Dew Time
Dam: SAV 8180 Traveler 004

The first two calf crops from Time Traveler have exceeded our expectations! He sires stout made, deep bodied sons and very attractive, capacious daughters. His first sons were well received in our 2013 sale and we look for his daughters to have a lasting impact on our program.

CE: 9 BW: 3.8 WW: 71 YW: 102 MCE: 9 MM: 17 MWW: 53

BICHLER *Simmentals*

**HOME OF THE "QUALITY, NOT QUANTITY" BULL SALE
2ND THURSDAY IN FEBRUARY
AND THE "QUALITY, NOT QUANTITY" FEMALE SALE
2ND SATURDAY IN NOVEMBER**

BCLR Miss Regan R513

Lead donor at Bichler Simmentals!
Regan is a 4th generation donor who
has produced many sale toppers
including BCLR Ammo, our highest
selling bull to date, as well as many
exciting young females now entering
our cowherd. Currently flushing, look
for her influence in our program
for years to come!
Homozygous Black and Polled!

Authority is exactly what we have been searching for in a herdsire. He seems to do everything correctly and has worked on many different phenotypes and pedigrees. Long fronted, deep bodied, stylish, and stout are all ways I would describe his offspring. Unfortunately we lost Authority after we got him back from stud and semen is limited but we are excited about the influence his daughters will have in our herd and we will

continue to use him
heavily in our AI/ET
program.
Homozygous Polled,
Non Diluted.
(Deceased)
