Editor's Message

Erika Kenner
Editor

Bull sale season is in full swing and so is calving for many! Both happen to be my favorite times of the year. Bull sales are a lot of work, but they are also social events where producers are able to share stories and compare failures and successes! Calving is also a lot of work, but it is fun to see the new genetics hit the ground and honestly, baby anythings are quite cute!

As I've watched all the ads come in for these last two issues, I've noticed a smorgasbord of quality livestock for sale this year! No matter what your needs are in your operation, you can find it in this area of the country! The January issue was full

of early sales, but make sure to pay attention to the March and April sales in this issue as well.

This will be the last issue again until November. We always keep trying to make our mailing list better. If you are receiving too many copies, please let me know. Also, if you know of a neighbor, friend, or customer who isn't receiving it and want them added, send me their information.

Good luck in the 2015 year and I wish everyone a successful sale & calving season!

Sincerely,
Erika

The Commercial Cattleman's
"One Stop Bull Shop"
For Elite Simmental & Red Angus Genetics

At MRL we have built a reputation around supplying Thick Beef Bulls to Commercial Cattlemen and standing behind them. Herdbulls packed full of economic and convenience traits that will accelerate your breeding program. Managing over 600 mother cows with limited manpower, these bulls are raised under ranch conditions similar to yours, and are developed on a silage-based ration to ensure soundness and longevity. Over 40 years of genetic selection with the commercial cattleman in mind: calving ease, consistency, natural thickness, maternal values and carcass traits bred right in. Give us a call, we would enjoy visiting about your operation and herdbull needs.

Thank You

to our U.S. buyers for the past several years. Almost 25% of our bulls have sold to some of the top breeders and commercial cattlemen in the Dakotas, Minnesota, and Nebraska annually. We have the experience and documentation to get your bulls to your yard hassle free!

our SUS program. It's simple: give us a
call to discuss what you are looking for in
your next herd sire. We know our cowherd
very well and the genetics strengths of each
and every bull offered. Together we will
discuss which bulls will work best in your
operation. We will personally hand pick
and purchase your bulls for you within and
quite often below your price range. Your
next herd bull purchase is as close as your
phone. Please contact Lee or Dave for more
info on the program.
