# Classic SALE

SATURDAY, DECEMBER 10, 2016 | 2:00 PM (APPROX.)

KIST LIVESTOCK | MANDAN, ND

*SALE IMMEDIATELY FOLLOWS THE ND RED ANGUS SALE | NOON CST*

# Welcome!

## ATTEND THE NDSA ANNUAL MEETING & BANQUET

Join us for the Annual Meeting on Friday, Friday, December 9, 2016 at 12:00 noon at Kist Livestock, Mandan. Watch the NDSA website for the annual meeting agenda items - [www.northdakotasimmental.com](http://www.northdakotasimmental.com). Lunch will be served at 11:00 am.

Remember to attend the Social and Banquet on Friday night at the Ramkota Hotel in Bismarck. Social starts at 6:00 pm and the banquet starts at 7:00 pm. Great food, great fellowship and awards presentation.

Juniors will hold their annual fundraiser auction and the ND/SD joint directory position pages will be auctioned at the banquet.

## JUNIOR FUTURITY SHOW

**Attention junior exhibitors, make sure to purchase your ND Futurity show heifer at the ND Classic Sale!**

As in the past few years, the members of the ND Simmental Classic Sale and the members of the Northwest Select Sale will be holding a junior futurity show in conjunction with the ND State Fair show. All open females sold in these two sales will be eligible to compete at the ND State Fair in July 2017. The number of entries determines the number of classes and there is a \$10/head entry fee. The show will be immediately following the NDJSA Show.

**There are cash prizes for the top six placings:  
Champion - \$600, Reserve Champion - \$500, Third Place - \$400, Fourth Place - \$300, Fifth Place - \$200**

All competitors must be members of the ND Junior Simmental Association and the cost of the membership is \$5.00. We hope to see you at the ND State Fair and good luck!

For more information, contact  
NDSA Secretary, Kim Myers 701-308-1018

On behalf of the sale consignors I would like to welcome you to the 2016 North Dakota Simmental Association Classic Sale! 2016 marks the 45th Anniversary of the North Dakota Simmental Association, and many of the consignors that are involved stem from families that have been involved in it from the start.

Again this year we are sharing the sale date and facility with the ND Red Angus Association as their Red Select Sale which will start at noon and the ND Simmental Classic following right after. The two breeds compliment each other very well and the consignors have been great to work with!

This North Dakota Simmental Classic Sale has developed a reputation as being a source of some of the top Simmental/SimAngus genetics available in the land. The offering has been selected from the heart of some of the top programs in the upper Midwest! The programs that this offering has been selected from present some of the top bull sales in the country each and every year!

**I would also like to point out that each year while on the screening trip for this sale a lot of the individuals that are selected for this sale go back to or are out females that were purchased in this sale; a testimonial that these cattle will work!**

We are all aware of the current market trends in the beef industry; however as seedstock producers you will find the offering of this sale provides you the opportunity to add value-adding genetics that can advance your program significantly for the future!

If you are looking for bred heifers to produce bulls for the commercial and seedstock industry this offering has a lot of opportunities for you. The open heifers in the sale have some outstanding show heifer prospects for Junior programs. There will be something to fit your needs and will make tremendous cows as they develop. Keep in mind the great opportunities for Juniors with the Futurity program.

Again this year's sale will be broadcast on DVAuction for those of you that may want to participate over the internet. Also, we will be posting updated photos and any video clips available on the North Dakota Simmental Association website: [www.northdakotasimmental.com](http://www.northdakotasimmental.com).

We invite you to be with us on December 10, 2016 for the sale, and for the NDSA Annual Meeting and Banquet on December 9, 2016. We encourage you to contact any of the consignors or sales staff if you have questions regarding this year's offering and look forward to seeing you on December 10th!

Sincerely;

Jeff Thomas and the Consignors of the 2016 NDSA Classic Sale

• Stavick Simmental is proud to be able to offer this great heifer back to ND. She came to us by winning her dam as the donation lot from Finke Simmental. If you remember, we left early because of a snowstorm and had to go back to get her and boy am I glad we did! We bred her to WS All Around and got this flashy female. From the day she was born, we knew we wanted to put this calf back on the ND sale as a donation heifer. Thought it would be kind of cool showcasing your sale that even your donation heifers can produce the kind of genetic excellence that the industry is seeking.

**Watch & bid online for FREE at**

**DVAuction**  
Broadcasting Real-Time Auctions

**Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service!**

**Buying online is as easy as 1, 2, 3...**

1. Create an account at [www.dvauction.com](http://www.dvauction.com) under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. **High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

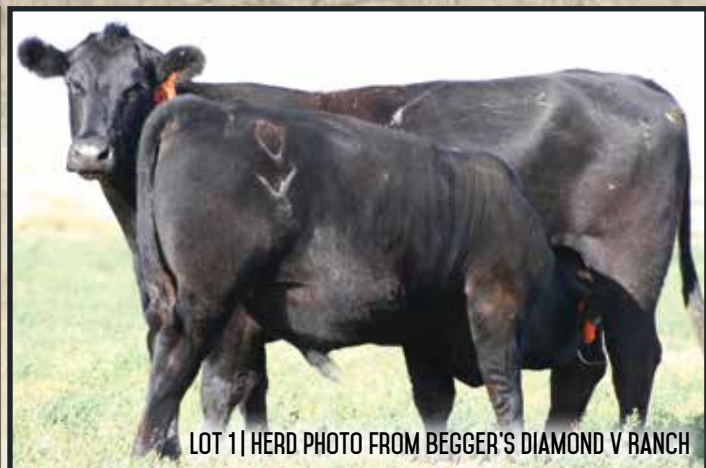

**Proxy Bidding**-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

**Having troubles?** During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

LOT 1 | HERD PHOTO FROM BEGGER'S DIAMOND V RANCH

LOT 1 | HERD PHOTO FROM BEGGER'S DIAMOND V RANCH

Lot 1

## BEGGER'S DIAMOND V RANCH | PICK OF THE HERD

Begger's Diamond V Ranch is excited to open up our entire breeding program in this prestigious sale. We are offering you the opportunity to select any female born and raised on our ranch. This includes the right to 1,000 head of females, bred cows, bred heifers and open heifer calves out of either our spring calving or fall calving program. You can select a purebred Simmental or percentage SimAngus. Yes you are even entitled to select out of our Angus cows. This set of cows is the dams and sisters of the bulls that have averaged over \$6,500 the past 2 years. We have ultrasounded the cows for calving dates and most of them have a sex of calf available.

All cows are black hided and most are homozygous black and polled. We will offer the buyer the opportunity to select and narrow down his/her selection to 5 cows and then we will DNA those 5 cows for color polled status, and 50K after the results come back, then the buyer can make their final selection.

We encourage the buyer to make their initial selection as soon as possible, because the final selection must be made by February 1, if the fall calving cow is selected, buyer will leave her at Begger's Diamond V Ranch until March so calf can be weaned or buyer may add 50% of purchase price and take the calf along.

If buyer desires to make a second choice, they will be able to, by doubling their purchase price.

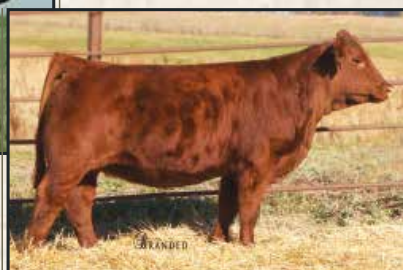

Call us for more information.

LOT 2 REFERENCE | KS MISS SEQUOIA W639

SVS CAPTAIN MORGAN 11Z  
SIRE OF LOTS 2A & 2B

DAUGHTER OF W639  
SOLD IN 2014 STATE SALE

W639 has been a stand out cow that we were able to purchase from Kenner's as a bred heifer. She's moderate, deep ribbed, with a nice udder structure and just one of those cows that doesn't miss a beat year round. The mating to Captain Morgan is sure to produce progeny that will stand out in your herd.

- AI bred to THSR Bombardier U802 (2453016) on 4/7/16.
- No pasture exposure.
- Safe to AI date, with Heifer Calf
- C544 is one of the first MRL Pitt Boss daughters that will be going into production and we are excited to see them. She is an ET out of our Red Iron donor cow that came from Begger's Diamond V Ranch. This bred heifer has plenty of rib shape and depth of side. She is a typical Pitt Boss female in that she has the length of body and the internal dimension to be able to survive on grass and produce a great calf year after year. If you are looking for cow families, here is one that needs to be on your short list come sale day.

- AI bred to Stav Masters 3C (2957227) on 6/10/16.
- No pasture exposure.
- Safe to AI date.
- A true breeding piece 509C is a direct daughter of our young donor Z121 and sired by WS All Around. This female will not disappoint the serious breeder, she has as much spring of rib and depth we have ever raised and supported by an impeccable set of EPD's with 14 traits in the top 30% of which 4 traits are in the top 5%.

- AI bred to HXC Conquest 4405P (2376637) on 5/15/16.
- PE to MR GD C12 (3031192) from 5/30/16 - 7/27/16.
- Ultrasound Safe to AI sire. Due on 2/21/17 with bull calf.
- C8 is a deep bodied, dark cherry red heifer with a powerful set of EPDs behind her. Her dam was a first calf heifer that we have really high hopes for in our program. Don't forget to look her up on sale day.

- AI bred to LRS Wiser 1534C (2969470) on 5/1/16.
- PE to LRS Wiser 1534C (2969470) from 5/5/16 - 8/18/16.
- Safe to AI Date.
- We can describe this heifer in one word...tremendous. Her dam, KNH Play On 458Z, was our ND Classic Sale pick in 2013. She has more than out-produced herself with the two calf crops she has on the ground. We couldn't be more impressed with the heifers and bulls she has produced. The sire, Mr. NLC Upgrade, speaks for himself, as he has been the #1 registered sire for several years running. C113 is bred to our 2016 selection out of Lassle's Ranch Sale, LRS Wiser. We are excited to see what LRS Wiser has to offer. Our two consignments are the best of our herd this year. They are both hard to sell. Think there is donor quality here!

• AI bred to GW-WBF Substance 820Y (2605922) on 5/6/16.

• No pasture exposure.

• Safe to AI date.

• Here is a female that we have really liked since birth. She's very clean fronted with lots of internal dimension to go with her thickness and fleshing ability. She is very sound and fluid in her movement and her overall makeup. There are a lot of mating possibilities with this female. We feel her mating to Substance will only add to this great female. Please visit our website for videos.

• AI bred to WS All Aboard B80 (2852207) on 5/15/16.

• PE to BCLR Reno B921R (2938832) from 5/20/16 - 8/11/16.

• Ultrasounded safe to AI date with a Bull calf.

• I don't know why I am selling this dark cherry red heifer out of our senior herd sire, Red Zone. The IPU Red Zone 82Y daughters are stout, big middle females and turning into great cows. We have calved two sets of daughters out and they all have exceptional udders, calm dispositions, hold their condition through weaning and bring in a big calf. The Red Zone bull calves have been our highest averaging bulls in our sale the past 2 years. Polled and diluter test pending.

- Ultrasounded safe to AI date.
- This one belongs to my son Michael so I can't take credit here. Trax Miss C526 is a granddaughter of his great cow, T785, a Hoosier daughter. T785 raised the \$8000 bred in the 2014 NDSA sale going to Mark Nesemeier. The Cowboy Cut daughters that we have calved in 2015, have excellent udders and are easy keepers, but yet weaned some powerful calves. C526 will catch your eye, we feel she will produce with the best of them.

- AI bred to Hook's Yellowstone 97Y (2612546) on 4/6/16.
- No pasture exposure.
- Safe to AI date, with a heifer calf.
- This female catches everyone's eye. She is extremely deep made with a big sweeping rib cage - you will appreciate the power and capacity this female has. This is the type of cattle we like to breed, easy keeping and good doing that will make excellent cows. This female has a very bright future ahead of her. Be sure to find this one sale day.

- AI bred to Kuntz Sheriff 8A (3038020) on 6/13/16.
- No pasture exposure.
- Safe to AI date.
- This will be the 3rd bred heifer we have brought out of our maternal powerhouse 89U. Both previous heifers sold to Triple H Simmental and have done a fantastic job for them. This female is a 5/8 Simmental out of GW Substance and will no doubt make a solid seed stock female. We bred her to the red bull, Kuntz Sheriff, with no plans of selling her, but Jeff found her so here she is. Complete outcross that could be carrying the next red line of great cattle.

- AI bred to Hooks Yellowstone 97Y (2612546) on 6/4/16.
- PE to KS Mr Break Free C861 (2977572) from 6/9/16 - 8/15/16.
- Safe to AI date with a heifer calf.
- Solid, dark red, soggy heifer! If you want a cow to build a program around, here she is. Super disposition, balanced EPD's and these Conquest daughters work hard. Bottom side of the pedigree is outcross to the red genetics. Easy fleshing, good cow family, balanced numbers, makes up a strong prospect. AI bred to Sheriff will make a top notch mating.

• I purchased this heifer's dam in last year's state sale as one of the high-selling breds from the Kunkels. She was selected based on the fact that she had it all in EPD's, structure, performance, quality, and the fact that she carried the outcross genetics that everyone is looking for. I see these same donor requirements being in the foundation of this good heifer. I am very proud to offer this heifer as a high-quality lot in this year's sale. Non-Diluted.

• Love Matters 403B may not be a 'show heifer' but she'll make you a Champion cow with some stellar beef calves! She's a PB that's super correct, sound, thick, deep, good haired, & gentle out of a 1st calf heifer who happens to be a daughter of our donor, 58S. The 58S daughters are following in their mother's footsteps & becoming awesome cows (you might want to try one out)! Plus, she's sired by the popular CCR Santa Fe bull! If you like to wean off heavy calves she'll be your gal to do the job! Color test pending.

The Prime Beef calves are super phenotypically and weigh up at weaning. This heifer has been a pet since she was a calf and would walk up to us in the pasture. She is broody, thick yet still feminine. She is guaranteed for disposition, so buy with confidence. D194 is her dam's first calf, and her dam's full sister (Z906) is a donor for us and the mother of KS Bases Loaded, purchased by Bruce Flittie, SD. We have many sons by Z906 selling this year. Very strong cow family here.

• Lots 62 & 63 are full sibs. These two black baldy, purebred Simmental heifers will surely catch your eye on sale day. They are out of the famed TNT Miss W31, who sold at our 2015 "Queens of the Pasture" female sale to Greg Schaefer for \$24,000. Along with these two beautiful heifers she raised a bull named Rust Breakthrough 4043 that sold to Harvie Ranching, Soderglens, and Canadian Sires for \$33,000 in 2015. There is cow power here galore! When mated to the up-and-coming WS Stepping Stones B44 that is as physically eye-appealing as you can make a bull, there will be great opportunities in your near future. I just don't know how you could go wrong by bringing one or both of these full sisters home with you on sale day. Please check our website at [www.rustmountainviewranch.com](http://www.rustmountainviewranch.com) or our facebook page for any updated information on these unique individuals.

• Red is the new Black...I read somewhere this Fall!! Well, then check out this fancy, red March PB! 96D is from the same cow family as KnH Sippin On Fire 169C (last year's 3rd high-seller) and also to our daughter Dawson's red show heifer this past summer. Major cow power in these girls! If you like reading EPD's she has 14 traits that are in the top 25%! Kinda nice to have an animal that reads great on paper PLUS is awesome to look at in person TOO! Added bonus: she also has our donor cow, Miss 58S, running through her pedigree! Polled & diluter test pending.

• This heifer comes with a little different pedigree being out of our red main herd sire, MRL Prince Albert. We love our Prince Albert calves. He has done an awesome job putting together some high-selling bulls, and we have retained almost all of his heifers back into our herd. This heifer's dam has also placed a daughter in the Double T herd that raised a State Sale high-selling open a few years back bringing \$8,500 and currently has a top-prospect bull calf in their bull pen.

It is not very often that we offer up an open heifer for sale but we felt with the North Central Regional Simmental Show coming to Huron, SD next summer we would offer a really good one. It took a lot of convincing for us to let this one go and not show her ourselves. She may very well be one of the best show heifer prospects we have raised. This one is so well-balanced from her stunning eye appeal all the way to her great build from the ground up. Her mother has a picture perfect udder and has done some great things for us in her early career at our place. Combine all of those positive traits with her balanced EPD profile and this one covers the bases.

Miss Fireball is a solid red heifer that has it all. She looks good enough to win in the show ring and has the numbers and build to excel in production. This heifer goes back to Kenner's TNT Miss S47 donor cow and the popular WS All In bull.

Daisy is truly the complete package. She is extremely deep bodied, wide framed and yet very classy and feminine. Her sire is the high-selling Red Angus bull of the 2015 sale season from Ludvigson's. Look for his progeny this spring offered exclusively at Keller Broken Heart Ranch and Wilkinson Simmentals production sales in ND. Throw a show halter on her and compete anywhere or better yet just put her right in the donor pen. We reserve the right to one IVF flush at our expense and the buyer's convenience.
