1/2 Page	\$450
1/4 Page	\$250
Business Card	\$200 (per year)

Advertising Deadlines

Issue	Deadline
February	January 18, 2016
November	October 14, 2016
January	December 12, 2016

Terms

All advertising accounts are due and payable as invoiced. Interest charges of 1% per month will be assessed to accounts that are 30 days past due.

Delinquent Advertiser's Account

Advertisers knowingly and expressly agree and consent that, whenever accounts receivable for an advertiser have not been paid as of 90 days from date involved, advertising privileges will be suspended until full payment has been received.

Copy Changes

Alterations in advertising copy, if requested after closing dates will be permitted only if time allows.

The North Dakota & South Dakota Simmental Associations and this publication reserve the right to refuse any advertising copy at our sole discretion. The North Dakota & South Dakota Simmental Associations and this publication assume no responsibility for the accuracy of the advertising content submitted. Advertisers assume all responsibility for the accuracy and truthfulness of submitted advertising containing pedigrees or statements regarding performance.

Editorial Content

Opinions expressed are those of the writer and not necessarily those of the North Dakota & South Dakota Simmental Associations or of this publications. Photographs and manuscripts are welcome, but no responsibility is assumed either while in transit or while in this office.

About the Cover

Typical winter scene in the Dakota's. Photo was taken by Terri Kline, Kline Simmental Ranch, Hurdsfield, ND while she was out feeding one morning in December.

EDITOR'S MESSAGE

Erika Kenner, Editor

Happy New Year!!!
Hard to believe another year came and went! Hopefully all enjoyed time with family and friends over the holidays! One blessing that came to the cattle industry just in time for Christmas was the rise in the cattle market. It had been hard to be positive when you didn't know if it was going to stop. Let's hope it holds it's own in 2016.

We knew this would happen sometime. We all know agriculture commodities and livestock are cyclical and we'll have good times and bad times. The livestock industry has been blessed with record prices for a few years now and even though this past year went down, it was still high. I found some records in my room at my parent's house this past Fall from 1998. I was in college and didn't have many head of cattle at the ranch, but I had sold my 3 steers that averaged 800 pounds for a total of \$1,900. We've come a long way since then!

It's times like these that we need to make sure we run our operations as efficiently as possible. One way

to do that is by investing in genetics that will make a profit. This may be different for each operation, but in this issue, I am confident, you will find what you need, whether you are a commercial or a seedstock operation.

Simmental cattle have been proven to work in crossbreeding systems and the work that Simmental and Red Angus have done with the International Genetic Solutions (IGS) proves they are committed to the commercial cattle industry. The IGS database is the largest in the world with 16,000,000 records and 12 different breed associations. IGS partners know commercial cattle producers are better when they crossbreed and have made it easier to compare themselves across the board. With that much data, one is able to make informed decisions by utilizing the EPDs.

This is a whopper of an issue again and I guarantee there is something here for everyone. Enjoy the issue and look forward to what 2016 may bring!

Sincerely,

Erika

Fall Symposium 2016

Plan to attend the 2016 ASA Fall Symposium in Bozeman, MT August 19 – 22, 2016. Join in on the educational day and stay for the ASA Committee and Board meetings. Along with the Educational Symposium, it will also serve as the Grand Opening for the new ASA Headquarters! Watch for more information on the speakers and the exact schedules as it gets closer.

2016 YCC Announcement

ASA will again sponsor a young Simmental leader to attend the National Cattlemen's Beef Association (NCBA) Young Cattlemen's Conference (YCC) ~ June 1 - 9, 2016. Please submit your resume, a cover letter, photo, and two letters of recommendation by February 15. ASA will pay the registration fee ~ you will be responsible for your travel to Denver and your return home from Washington DC. Submit your information by email to pcochenour@simmgene.com.

2016 will be the thirty-seventh year the tour has been conducted. This program has developed to such a level that these young men and women are heavily screened

and only a few young industry leaders are able to attend. For an individual to participate in the YCC, he or she must be nominated by one of NCBA's affiliate members, be between the ages of 25 to 50 and be an NCBA member. – For more information, go to www.beefusa.org/youngcattlemensconference.aspx.

Program

The tour will begin in Denver with a comprehensive overview of the industry. The group will take an in-depth look at many of the issues affecting our industry and what NCBA is doing to address these issues on behalf of its members, plus receive a comprehensive view of market information from Cattle-Fax. The group will then travel to JBS Five Rivers' Kuner Feedyard, one of the nation's largest cattle feeding operations, a one-time capacity of over 100,000 head located in Northern Colorado, followed by a tour of the JBS Greeley facility, one of the nation's largest beef packing and processing plants. JBS will host the group and will be sharing with them their views of the beef industry from a processor standpoint. Chicago is the next destination. Here

the group will visit the Chicago Board of Trade & OSI, Inc. one of the nation's premiere beef patty manufacturers. The participants will then travel to the nation's Capitol. Here they will get a chance to meet with their respective congressmen and senators. In addition, the group will visit with a number of regulatory agencies that make decisions affecting agriculture.

Stay Up-to-date!

Subscribe to ASA's eNews, Sales Call, eLink and More! Visit the ASA website at www.simmental.org and click on the tab on the homepage!

Looking for more PTP Judges!

The American Simmental Association is always looking for more Progress Through Performance (PTP) judges for the list. The current list of judges is on the ASA website under the PTP link. Anyone can nominate a potential judge by filling out the application and including two letters of recommendation (one of which has to be from an Active ASA member). The application can be downloaded from the PTP section of the website.

CHRISTENSEN NAMED 2015 SDSA CATTLEMEN OF THE YEAR

By: Cam Fagerhaug, Wessington, SD

The South Dakota Simmental membership is a great example of high quality Simmental breeders. They represent progressive genetics and influential producers.

This year the SD Board of Directors would like to honor one of those individuals for their efforts and representation of the membership. John Christensen began small and dreamed big. He's been in the business since Simmentals were yellow and white and rode out several generations of fads - from bad markets to great prices. He inspired several young breeders, among them, his daughters, and is still striving to better our breed. Because he lives his motto, as I'm sure most have

heard him say, "Just like a chain is no stronger than it's weakest link, an animal is no better than it's weakest trait."

Congratulations to John Christensen for the 2015 SDSA Cattlemen of the Year.

SD Board member Cam Fagerhaug, Wessington, presented John (her father) with the Cattlemen of the Year award.

"Don't sell people problems." -- John Christensen. (John's acceptance speech.)

Christensen Family in attendance: Tyler and Cam Fagerhaug and baby Lawson, John, and daughter, Carly Christensen. Not in attendance: NaLani and Rick Dunsmore and their family.

Dr. Barz, founder and owner of Northwest Veterinary Supply, Parkston, SD, and the recipient of the 2015 SD Promoter of the Year Award.

Erik Holum, DVM (left) and Jeff Shoenfelder received the Promoter of the Year Award on behalf of Dr. Barz and NW Vet Supply. SD President Jeremy Lehrman presented the award.

BARZ NAMED 2015 SOUTH DAKOTA PROMOTER OF THE YEAR

By: Jeremy Lehrman, Spencer, SD

After graduating from Iowa State's Veterinary School in the spring of 1974, an energetic, naïve Iowa far boy brought his new bride to practice veterinary medicine in Mitchell, South Dakota. In 1976, they moved to a Tripp, SD farm to raise their children in a rural atmosphere. A clinic was established in Parkston, SD with haul-in facilities and Northwest Veterinary Supply began.

Thirty-five years later, Dr. Dave Barz is still enjoying his

practice, the area and his clients. Barz prefers to work with large animals and small animal care while also adding carcass ultrasound services in the past 5 years. They even have a salesman that can deliver vaccine right to the farm with just a phone call.

Dr. Barz has been truly instrumental in the support and future of the livestock industry in SD and particularly in the new SDSU Cow Calf Unit. He spent numerous hours of his own time soliciting donors for the auction

held during Dakotafest as well as the "Send a Cow to College" campaign. Dr. Barz has been featured in various livestock publications because of his work to assist producers with the seasonal challenges and trends. Most certainly anyone that attends Dakotafest has stopped by to grab an apple and visit with the crew at the NW Vet tent. Dr. Barz has gone above and beyond to make sure animal agriculture continues to have a positive and long lasting image.

SEND A COW TO COLLEGE

Help SDSU build its new Cow-Calf Education and Research Facility

How It Works

1. Complete a Deed of Gift form.
2. Notify the sale barn on the day of the sale that you have gifted your cow to the SDSU Foundation.

3. Ask the sale barn to issue the payment to the SDSU Foundation and to note that the gift came from you!

It is really that simple! Your cull cow will make a big difference in helping us reach our goal and remember, your gift has tax advantages as it will diminish your taxable income!

If you have questions, the following is

a list of people who are familiar with the program and can help you out along the way: Cory Eich, Donnie Leddy, Jim Krantz, Fred DeRouchey, Dr. Dave Barz, Ty Eschenbaum, Lewis Bainbridge, Craig Dybedahl, Ryan Eichler or Mike Barber.

SCENES FROM THE SOUTH DAKOTA SIMMENTAL BANQUET

December, 18, 2015 | Ramada Hotel | Mitchell, SD

The 2016 South Dakota Board of Directors

Left to Right: Mike Stavick, Veblen; Jeremy Lehrman, Spencer; Secretary - Keith Larsen, Wolsey; Cam Fagerhaug, Wessington; Ross Demers, Colome; Ryan Miller, Winfred; and Clay Duxbury, Wessington.

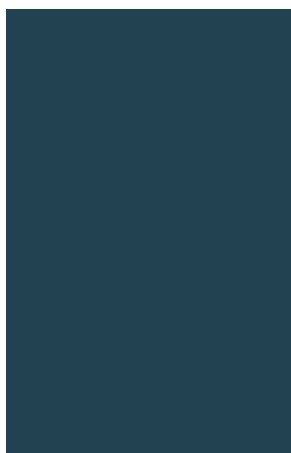

Chisum Peterson worked the Junior Fundraiser Auction at the South Dakota banquet.

SD Treasurer, Deb Ford, presented the Treasurer's Report at the meeting

SD President, Jeremy Lehrman, was the master of ceremonies and presided over the meeting during the banquet.

Scott Werning organized the Junior Auction and helped facilitate during the banquet. The auction consisted of many nice holiday themed items as well as several lots of semen.

A large crowd was in attendance for the banquet!

A/H CATTLE COMPANY

QUALITY SIMMENTALS THAT HAVE IT ALL.... PERFORMANCE, CARCASS, MATERNAL & DISPOSITION

Confidence – in the program, the cattle and the genetics.

Koester Red Angus genetics cover all the profit-driving traits from conception to consumption – a live calf born unassisted, high growth, stayability of females and carcass traits that garner premiums! A fall bull from Koester Red Angus also has the age advantage to hold his flesh better than a yearling while siring just as many calves over his lifetime. We focus our genetics to produce calves that weigh up at weaning and yearling time and on the rail, plus give our customers confidence in structurally correct, maternal, easy-fleshing replacement females:

Confidence you can take to the bank!

Confidence in the genetics of our sires:

Brown 3K Stakeholder X7870 – #1379607

Stakeholder is a high-performance P707 son whose progeny are born easy and perform very well at weaning and yearling. His carcass test data is very exciting, plus his daughters are tremendous cows. A unique package of calving ease, performance, maternal and carcass.

Leland Right Gun 292X – #1380789

Right Gun is leaving his mark with muscle and dimension. He is an easy-fleshing, very powerful-made, moderate bull. His sons show tremendous volume and hip shape and his daughters are moderate, easy-fleshing females with picture-perfect udders. Sons and grandsons sell in March.

3SCC Domain A163 – #1619642

Our first impressive Domain calves hit the ground this fall and haven't stopped growing. This outcross sire offers impeccable EPDs, ranking in the top 1% for HB, HPG and Stay, 2% CED, 3% Marb and top 14% for GM. Genex/CRI recently purchased an interest in this exciting sire.

A Sample of Our 2016 Sale Offering:

Offering the largest group of long-aged SimAngus™ bulls in the Northwest.
They are ready for heavy service

Begger's ^{Diamond} V

Big Sky Genetic Source Bull Sale

Wednesday, February 3, 2016, 12:30 PM
at the ranch, Wibaux, MT

170 Black Simmental, SimAngus™ and Angus Sell
70 of them are 18-month-old

30 Purebred Simmental – 110 SimAngus™ – 30 Angus
Most will be homozygous Black and all are Polled

Why Buy From Begger's Diamond V?

Extra Profitability. Because... Quality and quantity allows you to access more 1/2 or 3/4 brothers to fill your herd sire needs in one stop.

- The cow/calf producer comes first before any other traits are considered.
- We know as a commercial producer you sell your cattle based on weight and how they look (quality). How value is determined varies, whether it is in the auction market, in the country, by video or on the rail. Be assured quality and performance has been the basis of our program from the beginning.
- Reputation — take away all the numbers, all the EPDs and fads . . . Begger's Diamond V Ranch has strived to raise only high-quality seedstock for over 40 years.
- At Begger's Diamond V Ranch you are not just buying a bull, you are buying a program.
- Our 40 years of AI'ing and embryo transfer gives you access to the top genetics of the Simmental and Angus breeds, which allows you access to the very best genetics.
- You will experience fewer time consuming management problems, especially with calving ease and calf vigor, udders, fertility, feet, legs and disposition because we cull our herd for such problems.
- You are selecting from the top end, the bottom has already been culled.
- Our cattle are raised in an unpampered environment to ensure that they will work for you.
- EVERY bull has an efficient, hard-working mother that does her job in eastern Montana's tough environment.
- Responsibility — We accept the responsibility to provide you with only predictable genetics. They must meet our standards before they meet yours.
- Our success depends on yours and we expect your purchases to work for you. We stand behind them 100%.
- Bulls are 5.5 to 6.5 frame with extra depth with volume and fleshing ability.
- Bred for calving ease, fast growth, efficiency, maternal strength and carcass quality putting more profit in your pocket.
- Bulls are developed for ranchers on a high roughage ration with very little starch and plenty of exercise.
- Every bull was born, raised and developed on our ranch.
- Maternal and direct calving ease is a must. If they are not born easily and alive, nothing else matters.
- All bulls sell free of BVD and all genetics defects! Bulls sell with complete performance records, ultrasound data and EPDs.
- Daughters of these bulls will make outstanding replacements that are trouble free, easy keeping and profit driven; their calves will be in high demand and top market sales.
- We have connected ourselves with market opportunities that should make your calves more valuable helping you receive premiums and top markets. We offer free keep until April 1st, a breeding soundness exam, and free delivery up to 500 miles.

ND SA PROMOTER OF THE YEAR AWARDED TO MEMBER FROM SOUTH DAKOTA

By: Mike Traxinger, Houghton, SD

Kipp Julson, Garretson, SD was surprised with the honor of the ND Simmental Association Promoter of the Year award at the ND Simmental Annual banquet on December 11 in Bismarck.

Kipp has spent a lifetime in the cattle industry promoting the Simmental breed and cattle in general. As a toddler, he would be found sleeping with the calves in the barn, or the family dog, or even the Shetland pony. At the age of 3, he could detect a lame or sick animal in the herd and had already learned what it meant to artificially inseminate. Again at the age of 3, he was caught with the A.I. tank open, wearing a sleeve with a pipet in hand, ready to AI the Blue Heeler. After that incident his father had to place a padlock on the AI tank.

The next skills he developed were sales and marketing. You could often find him selling chickens, rabbits, goats at horse sales with both grandfathers. Not sure that many go to a horse sale and expect to buy a rabbit, but apparently Kipp “got er done.”

When Kipp was a sophomore in high school, his father was injured in an accident, requiring that he step up and take the reins over the operation. Even at such a young age, he had the patience, persistence and passion for the cattle industry and the Simmental breed.

Kipp is the 3rd generation of leadership on the farm, with a

Simmental Cattle operation that was established in 1974, and they will host their 42nd annual bull sale this upcoming January.

Under his leadership, the operation has exhibited and sold cattle at the North Dakota Simmental Classic, the Sioux Empire Fair, the South Dakota State Fair, Dakota Fest, Sioux Empire Farm Show, Black Hills Stock Show, Watertown Winter Farm Show, Denver Stock Show, and the South Dakota Simmental Source Sale. He has had the honor of having a Supreme Champion Bull at the Sioux Empire Farm Show, along with many other recognitions.

Today, Double J Farms runs 175 head of Registered Simmental, SimAngus and a few Angus with the majority being purebreds, both blacks and reds under the ASA's Performance Records Program. Double J Farms is unique in having more pasture and rangeland than tillable acres. They raise grass and alfalfa hay, oats, corn, and cover crops being the latest venture to be added.

His father, Bob Julson was an ABS Technician for many years, and Kipp has followed in his fathers' footsteps, holding the same ABS position held by his father.

Supposedly, the numbers are worn off his cell phone and everyone who knows him, knows he supports cattle people, both young and old for the betterment of themselves and their cattle throughout the Dakotas and

Kipp Julson (left) receives the Promoter of the Year award from Mike Traxinger, Houghton, SD. Mike presented on behalf of the ND Simmental Association and serves as Treasurer of the ND/SD Simmental magazine.

beyond. He has shared his learned knowledge, given monetary contributions to the youth programs and volunteered endless hours of time and effort serving as a friend, neighbor, active member of the association, director, manager, and president of the South Dakota Simmental Association and Beef Breeds Council.

It is fitting that he receives the award this year, as 2015 has been an amazing year for him. He married his amazing wife Jana with two kids, Tessa (13) and Drew (11). Grandpa Julson is excited to have the family back in 4-H again and is taking bets on how many show animals these kids will end up with this next summer.

2015 also resulted in the completion of a new shop and sale facility located at the farm near Garretson, S.D.

We are all grateful for the leadership and dedication, and unselfishness that Kipp has given to the Association.

Working Everyday

to build a better product for our customers and the next generation

Profit :: Pilgrim x Broker x Melody

We are excited about what the future holds with Profit, he combines class and balance with a great producing cow that we raised and impressive EPDs and data. To top it off he had an 18 inch ribeye and ratioed 105 for IMF.

Vision

Vision is an Upgrade son that we love the calves. Medium framed and have the same figures as his industry leading sire. His sons are going to be a highlight at the ranch.

Hammer

Hammer is another Upgrade son that we used heavily, they are born light and grow like weeds. The Hammer's were the high weaning rationing calves of the 2015 calf crop.

Barstow Cash

Barstow Cash is a household name for calving ease and growth. We bred every heifer on the place to him. We have 10 of his sons available this spring.

Bulls available after February 10th, 2016 by private treaty

Performance data with a first year breeding season guarantee. We invite you to come and take a look, over 50 head to choose from.

TOPP NAMED NDSA PIONEER AWARD RECIPIENT

By: NDSA Board Member, Tim Clark, Turtle Lake, ND

Above: Wayne Topp received the award from ND Board member Tim Clark.

At Right: Original ND Simmental Board of Directors. Left to right: Lloyd Weckerly, Bob Otto, Dean Olson, Dallas Hystad, Jim Grantier, Arnold Woodbury, Bill Stegner, Lamour Jennings, Jake Larson, Gary Meyer, George Adams, Wayne Topp and Bob Dydwad.

Wayne Topp, New Rockford, ND, received the 2015 NDSA Pioneer Award at the ND Simmental banquet in Bismarck on December 11, 2015. His ASA number is 236, issued March 12, 1969. Most of us have three more digits if not two added to our membership number. He was the 5th ND member to receive an ASA membership and he was a member of the original ND Simmental board. His first animal registered was a Bismarck daughter out of a Hereford cow, born March 23, 1970, Miss Bismarck XXVIII, registration number 0004900. Wayne Topp is a true Pioneer of the ND Simmental Association and

American Simmental Association.

Wayne began AI'ing with Simmental semen as soon as he could in the spring of 1969. The first year he obviously used Parisian and Bismarck - ASA numbers 1 and 2. Wayne worked for ABS along with ranching. He was looking for a breed to add pay weight and performance to his Hereford cows. From what he saw with the Charolais breed, there was more birth weight then he liked. Wayne decided to look to Simmental genetics to add his performance and pay weight. Wayne participated in the early State Sales, which began in the early 70's selling halfblood bulls and females. Wayne sold bulls

private treaty off the ranch until the early 80's when they began their first sale at the Carrington sale barn and continued to have an annual bull sale until 1995.

Wayne continues to run a small herd of cows and uses Simmental genetics. Wayne's last bull purchase was from Bruce Kjelgaard, McHenry, in one of his last sales.

Along with Wayne on the original board, other members were Lloyd Weckerly, Dallas Hystad, Bob Otto, Gary Meyer, Dean Olson, George Adams, Arnold Woodbury, Jake Larson, Bob Dydwad.

BAAKEGARD RECEIVES 2015 NDSA PIONEER AWARD

By: Russ Danielson, Harwood, ND

Far Left: Russ Danielson presented the Pioneer Award to Norm Baakegard at the ND Simmental banquet.

At Left: When Bill Begger heard that Pioneer award recipient Norm Baakegard's grandson just graduated from auctioneer school, he invited him up to finish the NDSA Semen Auction at the banquet! Garrett Peterson from Oakes, ND did a great job! Garrett, also just graduated from NDSU with an animal science degree and runs 600 cows and 1200 ewes with his brother at Oakes.

The North Dakota Simmental Association awarded Norm Baakegard, Kindred, ND, with the 2015 Pioneer Award at the Annual Banquet in Bismarck on December 11.

Following graduation from NDSU in 1962 with an Animal Science Degree, Norm joined NDSU Extension Service serving Benson County in Minnewaukan. He then moved to Jamestown in 1964 employed as a nutritionist/sales rep for Gold Label Feeds, which was the beginning of a long professional career traveling throughout the upper Midwest assisting livestock producers.

The progression of ownership from Gold Label Feeds to Zip Feeds then to FeedRite Feeds and eventually to Hubbard Feeds occurred while Norm established and operated his Simmental herd.

Norm first used Simmental semen in 1969 breeding some leased cows to obtain his first half-blood calves. He arranged an agreement with Charlie Frey who operated a commercial cow-calf operation east of Jamestown to

feed and house the bred cows. Following weaning the fall of 1970, Norm retained the heifer calves and eventually upgraded the herd to purebred status. Gold Label Feeds transferred Norm to their eastern North Dakota territory in 1974, at which time he purchased a farm near Kindred and moved his herd from Jamestown. His demanding travel schedule for work often required the involvement of his three young daughters and his wife Sharon to feed and manage the herd in his absence. Like many cattle operators that have full-time off farm employment, Norm spent many early mornings, late nights and weekends working with his cattle.

Norm became an ASA member in 1970 and was a charter member of the North Dakota Simmental Association. He participated in the early ND State Simmental sales and merchandised his cattle by private treaty. In addition to the ND Simmental Association, he was involved in numerous livestock organizations and committees

throughout his career. Norm and his family participated in the ND Winter Show promoting their cattle and the Simmental breed through the show ring and the Performance Steer Classic Show.

Norm credits the strong maternal characteristics of Simmental females and the calm disposition of the breed as traits that attracted him to start his herd. These same traits sustained his herd and the Simmental breed during the "long, tall and lean" era of the 1970's and 1980's. The value of measurable performance and functional productivity allowed the Baakegard herd and the Simmental breed to succeed.

A series of serious health problems forced Norm to disperse his herd in 1999 after his 2nd open heart surgery. Norm tributes his involvement with Simmental cattle for the current success of his children and grandchildren through their real life experiences involved in the care, nurturing and responsibility that created respect for the cattle that made up the Baakegard Simmental Herd.

Faye & Richard Hoffart receive their Commercial Producer plaque from Kevin Hansen, Ryder, ND.

NDSA 2015 COMMERCIAL PRODUCER OF THE YEAR

By: Kevin Hansen, Ryder, ND

The North Dakota Simmental Association Commercial Cattlemen of the Year Award goes to a 4th generation cattleman from the Rugby area. Richard and Faye Hoffart have dedicated many years of work to the commercial cattle industry.

The ranch had its beginnings as a Homestead back in 1904. In 1978, they purchased a group of 20 cows from the Breaks in Montana and that was the beginning of the progressive herd. The prices for that first set of steers hit an astonishing \$.21/lb and the heifers came in at \$.19/lb. They decided in the 1980's that a change needed to be made so they began to AI the cow herd, using bulls that would produce heavier calves. They tried different breeds of cattle always trying to

produce cattle that had growth, milk, maternal ability, fertility, and disposition. The different breeds they used lacked some of the traits they were seeking until they landed on Simmental crossed with Red Angus. Using the combination of the Chaps program and AI, they made rapid improvement in the resulting calf crop, culling off the bottom end cattle accelerated the improvement.

In 1992, Richard attended an AI school in Rugby where he met Wade Staigle, who was the instructor. They currently synchronize 70-90 head of cattle annually using some of the top sires of the breed along with purchasing powerful herd sires that are also used in the AI program through custom farm collection. They use the services of

Dave Dockter who is instrumental in the synchronization program to accomplish the goals they have set for themselves.

The Hoffart's also produce a variety of small grains including wheat, oats, soybeans, black turtle beans, grain corn, silage corn, and alfalfa hay, along with one of the top group of calves to be marketed in the region. The steer calves sold in early December in Rugby hit 945 pounds while the heifer calves are marketed to progressive cattlemen in the area directly off the ranch.

The NDSA congratulates Richard and Faye Hoffart and thanks them for their years of dedication to the commercial cattle industry using Simmental genetics.

NORTH DAKOTA SIMMENTAL ASSOCIATION SCHOLARSHIP

The North Dakota Simmental Association will award one \$500 scholarship to a high school graduate or college freshman in 2016. Applicants must be enrolling in a two or four year post high school educational program in the Fall of 2016. Furthermore, applicants must be pursuing a degree in an agricultural program. Preference will

be given to applicants coming from a livestock based background that include the use of Simmental genetics.

Download applications from the NDSA website at www.northdakotasimmental.com and must be postmarked by March 15, 2016. Any problems with the download, please contact Kim Myers for a hard copy at

gkmyers@outlook.com or 701-308-1018.

Return applications to:
Kim Myers, Secretary/Treasurer |
12066 57th St SE | Kathryn, ND
58049

Please remember donations are accepted anytime for the NDSA Scholarship Fund.

Red Hybrid and Red Simmental Bulls

Our Red Hybrid and Red Simmental bulls are just outstanding. We will have 30 of these bulls in the offering with numbers and phenomenal phenotype.

Larson Flo-Marie 185

This breed legend has a tremendous influence in this sale and in the "Dakota" nucleus herd. Look for many herd bulls coming from this cow family.

Brown JYJ Redemption Y1334

This breed legend has been taking the country by storm and this offering has definite influence from this big time spread bull with maternal excellence.

We have many sons of LSF Takeover 9934W, Brown Premier X7876 and LSF Prospect 2035Z in this sale. Look for these great sire groups!
Featuring the Deckert Simmental Ranch Bulls!

SCHUMACHER & HEILMAN RECEIVE OUTSTANDING JUNIOR AWARDS

By: Darcy Klain and Kim Myers – ND Junior Advisors

The 2015 Outstanding Junior in the Senior Division is Patrick Schumacher, Linton, ND. Patrick has loved helping on the farm since he was very young and started showing cattle at the age of 11. He has been a huge help on his family's operation and is always there to lend a hand especially during picture day, sale time, and calving.

Patrick's love for Simmental cattle started when he showed his first bred heifer at the age of 12 that was purchased in ND State Simmental Sale as a heifer calf. He enjoys sorting through replacement heifers and bulls and is always on the lookout for his next show heifer!

Patrick has also become a mentor to many younger than him, especially his brother Daniel, who has started showing cattle and enjoys spending time with his big brother! He has made many life-

long friends at junior shows and fairs.

Patrick currently owns a small herd of Simmental cows and hopes to expand when he is finished with college. He is currently a Junior at NDSU studying Animal Science.

The 2015 Outstanding Junior in the Junior Division is Heath Heilman, Voltaire, ND. Heath is the son of Leo and Angie Heilman. He is in 5th grade at Velva Public School.

His hobbies include basketball, baseball, football and was a member of the crop judging team this last year. His hopes are to join the livestock judging team this next January.

He has been active in his local 4-H Club and also the Jr. North Dakota Simmental Association and ND Junior Points Association showing Simmental and SimAngus heifers that his family

raises on their purebred and commercial Simmental Ranch. Heath also received the Grand Champion Beef Showman this summer at the McHenry County Livestock Show.

Heath has started building his own herd of Simmental and SimAngus cows and purchased some females from the ND Simmental State sale and also from local breeders. This past year he rented his own pasture from his grandpa and started making his own decisions on his genetics through AI'ing his cows, which he greatly enjoys. He is always trying to learn something new about bloodlines or feed rations and staying active on the ranch. Heath has made many new friends and enjoys learning about the cattle industry by being involved in the North Dakota Jr. Simmental Association.

Junior Advisor Darcy Klain presented the Outstanding Junior Award to Heath Heilman.

Junior Advisor Darcy Klain presented the Outstanding Junior Award to Patrick Schumacher.

Broadcasting Real-Time Auctions

^ ND President Todd Finke presided over the meeting on Friday, December 11.

^ ND Secretary Kim Myers, Kathryn, ND presented the Treasurer's report at the meeting

^ Mike Traxinger, Houghton, SD, is the Treasurer for the ND Simmental Scene/SD SimmenTeller and reported on the finances of the magazine.

^ The ASA Field Representative for North Dakota is Russ Danielson, Harwood, ND. Russ was the guest speaker for the meeting

< Sale Manager, Jeff Thomas, Bozeman, MT, gave an update on the sale. Jeff managed both the State Simmental and the State Red Angus sale that weekend and selected all the cattle for both sales.

> A good crowd was in attendance for the meeting. This is a just a portion of the attendees.

< 2016 ND Simmental Association Board of Directors

Back row: Vice President – Chris Nicholson, Dawson; President – Todd Finke, Berthold
Middle row: David Doll, New Salem; Doug Bichler, Linton; Dusty Kunkel, New Salem; Derik Samuelson, Calvin
Front row: JR Aufforth, Bowbells; Secretary – Kim Myers, Kathryn; Tyler Kinn, Turtle Lake; Tim Clark, Turtle Lake

^ Todd Finke and Jeff Thomas assisted the Junior Auction as ringmen and had a good time doing it! Luke Keller also assisted.

> Bill Begger, Wibaux, MT, has always been so gracious to donate his time and call the Junior Auction at the ND Banquet.

< For the first time, the ND Simmental Association recognized the breeder of the Champion Futurity heifer in 2015. Trey Klain (left) purchased the champion heifer from Neil & Maggie Zimmer, Clarissa, MN at the 2014 ND Classic Sale and presented them with the award.

^ The annual coloring contest is a hit among the young kids at the banquet! Gretta Samuelson and her father Perry Thomas organize this event for the kids. Bottom left: Amber Kinn and daughter Maggie, Gretta Samuelson, Brittany Rau and daughter Adalynn, and Aubrie Stangeland (daughter of Ethan and Aleah) and Brooks Stangeland (son of Lucas and Amy).

NDSA ANNUAL MEETING

The Annual Meeting for the ND Simmental Association was held at Kist Livestock on Friday, December 11, at 12:00 noon. Numerous reports were given. Mike Traxinger, magazine Treasurer, reported on the ND Simmental Scene/SD SimmenTeller. Claye Kaelberer and Erika Kenner, gave a report from the ASA Board, and ASA Field Representative, Russ Danielson gave a presentation.

There were two Board spots open as Claye Kaelberer declined to run for a second term since he is on the ASA Board and Cody Hansen passed away. Also, Tyler Kinn was up for re-election. Tyler Kinn, Doug Bichler and JR Aufforth were nominated and a unanimous ballot was cast.

^ Cody Hansen's family accepted her Retiring Director plaque. Cody passed away suddenly in October and was not able to finish out her term. Left to right: Wyatt, Hadlie, and Kevin Hansen and Todd Finke, ND President.

^ ND President Todd Finke, presented Claye Kaelberer with his Retiring Director plaque. Claye chose not to rerun for his position due to his seat on the ASA Board.

MRL 22nd Annual Bull Sale

Selling 170 Bulls
Saturday March 5, 2016

At the Ranch • Carievale, Sask (18 miles North of Sherwood, ND)

Herd Bulls Designed by Ranchers for Ranchers

- All bulls born, bred & developed right here at MRL
- Large sire groups $\frac{1}{2}$ and $\frac{3}{4}$ brothers Penfulls of uniform bulls in every category
- Sight Unseen Buyer's Program (Can't make it sale day? Give us a call. Almost 25% of our bulls sell SUS. Many repeat customers year after year.)
- Semen evaluated and guaranteed
- Free Delivery to the Dakotas and boundary states. We have the expertise to get your bulls delivered hassle free! (Our trailer is most likely going right past your gate.)
- Sound, rugged bulls developed on a high roughage ration (Born, bred and fed to work and stay working)
- Extra age bulls ready to cover some ground. Offering 25 coming 2-year-olds and January/February born yearlings.
- Genetically engineered to excel for the commercial cattleman. Calving ease, performance and packed full of maternal traits.

"The Bull Business" is what we do!

For over 40 years, we have been committed to and focused on providing herd bulls that will excel for commercial cowboys. Over the years, we have listened to our customers to provide herd bulls that work in today's industry under real world ranching conditions. Herd bulls that will sire calves with moderate birth weights, explosive growth, structural soundness with eye appeal and packed full of maternal power. Extra age bulls, Jan/Feb born yearlings and check out the large group of May/June coming 2-year-olds for 2016. Sound, rugged herd bulls that will cover some ground. No fluff, no puff. The top 170 bulls from our highly regarded cowherd of almost 700 mother cows and the most elite herd bulls in the business. Come see for yourself what keeps the commercial cowboys coming back year after year. Give us a call, text or email for a full color catalogue and bull video.

Thank you

to our US buyers the past few years.
25% of our bulls sell to top stockman across the upper Midwest annually.

U.S. Dollar Advantage

Take advantage of the strong U.S. dollar with a 25% buying advantage.

COMMENTS

The North Dakota Simmental Classic Sale and the North Dakota Red Angus Red Select Sale shared the same sale date and sale venue to hold their respective events December 12. Jeff Thomas of Thomas Livestock Services managed both sales and had previously selected all the sale lots. Thirty-one Simmental consignors representing five States offered 72 lots of embryos, bred and open heifers to prospective buyers that jammed the large sales facility.

Cattle sold in to: SD, ND, MT, MN, and Alberta and Saskatchewan in Canada.

The Donation heifer raised over \$8,700 for the ND Simmental Association and the winner of the heifer was Doug Bichler, Linton, ND.

Hart Farms Simmental family from Frederick, SD, purchased 5 lots including one of the high-selling lots. Sitting left to right: Travis, Justin, and Kerry Hart.

Madison Sys, daughter of Derrek & Jen Sys of Douglas, ND, was very excited when she purchased Lot 8 for \$7,000!

Gabe Quandt and Travis Thompson, Oakes, ND, partnered up to purchase Lot 14 for \$11,000. Gabe is the son of Jason Quandt.

Chris Nicholson (left), Dawson, ND purchased the Keller's Broken Heart Pick of their open heifers for \$9,000 and Doug Bichler (right), Linton, ND purchased Lot 52 for \$7,500 for his nephew.

Ashton Phillips, originally from Strafford, Missouri and employed by Kenner Simmental Ranch, Leeds, ND got her start in the Simmental business by purchasing Lot 56!

The bulls pictured above, which sold in 2015, are examples of the depth, thickness, meat and moderate frame emphasized in our breeding program. All our top bulls sell featuring many generations of polled red and black genetics.

We invite our American neighbours to our 36th annual sale, **"Where Cattlemen Come For Herdbulls."** This is the year to take advantage of the strength of the US dollar versus the Canadian dollar to purchase your new herd bulls!

We offer free wintering, free delivery to central points with paperwork in order.
 Sight unseen purchase program available.
