Classic SALE

SATURDAY, DECEMBER 9, 2017 | 2:00 PM (APPROX.)

KIST LIVESTOCK | MANDAN, ND

SALE IMMEDIATELY FOLLOWS THE ND RED ANGUS SALE | NOON CST

Welcome!

ATTEND THE NDSA ANNUAL MEETING & BANQUET

Join us for the Annual Meeting on Friday, December 8, 2017 at 12:00 noon at Kist Livestock, Mandan. Watch the NDSA website for the annual meeting agenda items – www.northdakotasimmental.com. Lunch will be served at 11:00 am.

Remember to attend the Social and Banquet on Friday night at the Ramkota Hotel in Bismarck. Social starts at 6:00 pm and the banquet starts at 7:00 pm. Great food, great fellowship, awards presentation, and the juniors will hold their annual fundraiser auction.

JUNIOR FUTURITY SHOW

Attention junior exhibitors, make sure to purchase your ND Futurity show heifer at the ND Classic Sale!

As in the past few years, the members of the ND Simmental Classic Sale and the members of the Northwest Select Sale will be holding a junior futurity show in conjunction with the ND State Fair show. All open females sold in these two sales will be eligible to compete at the ND State Fair in July 2018. The number of entries determines the number of classes and there is a \$10/head entry fee. The show will be immediately following the NDJSA Show.

There are cash prizes for the top six placings:
Champion - \$600, Reserve Champion - \$500, Third Place - \$400, Fourth Place - \$300, Fifth Place - \$200

All competitors must be members of the ND Junior Simmental Association and the cost of the membership is \$5.00. We hope to see you at the ND State Fair and good luck!

For more information, contact
NDSA Secretary, Kim Myers 701-308-1018

On behalf of the sale consignors, I would like to welcome you to the 2017 North Dakota Simmental Association Classic Sale! 2017 marks the 46th Anniversary of the North Dakota Simmental Association, and many of the consignors involved stem from families that were involved from the start.

Again this year we are sharing the sale date and facility with the ND Red Angus Association and their Red Select Sale, which starts at noon with ND Simmental Classic following right after. The two breeds compliment each other very well and the consignors have been great to work with!

The North Dakota Simmental Classic Sale has developed a reputation as being a source of some of the top Simmental/SimAngus genetics available in the land. The offering has been selected from the heart of some of the top programs in the upper-Midwest! The programs involved present some of the top bull sales in the country each and every year!

I would also like to point out that each year while on the screening trip for this sale a lot of the individuals that are selected for this sale go back to or are out of females that were purchased in this sale - a testimonial that these cattle will work!

2017 was a very trying year in the Dakota's due to drought; however the consignors to this sale are very committed and have worked through it. The current market trends are very positive with calf prices much stronger than last year and the outlook for the future is very promising. The offering of this sale provides you, as buyers, the opportunity to add value-adding genetics that can advance your program significantly for the future!

If you are looking for bred heifers to produce bulls for the commercial and seedstock industry this offering has a lot of opportunities for you. The open heifers in the offering have some outstanding show heifer prospects for Junior programs. Either way, there will be something to fit your needs and will make tremendous cows as they develop. Keep in mind the great opportunities for Juniors with the Futurity program.

Again this year's sale will be broadcast on DVAuction for those of you that may want to participate over the internet. Also, we will be posting updated photos and information on the North Dakota Simmental Association website: www.northdakotasimmental.com

We invite you to be with us on December 9, 2017, for the sale along with the NDSA Annual Meeting and Banquet on December 8, 2017. We encourage you to contact any of the consignors or sales staff if you have questions regarding this year's offering and look forward to seeing you on December 9th!

Sincerely,

Jeff Thomas and the Consignors of the 2017 NDSA Classic Sale

• As a longtime breeder and supporter of Junior Simmental programs, Double J Farms (Kipp & Bob Julson) would like to thank the North Dakota Simmental Association selecting us to provide the donation lot. As we are quickly approaching our 44th Annual Bull Sale, we have seen how times have changed. It still comes down to the passion and love for great cattle, customers, friends, fellow breeders and our family! This is true with every Simmental breeder and the guidance and help we all have received growing up will never be forgotten. With that being said, KRJ E706 traces way back to the very first female my dad purchased for me that I could call my very own. I not only showed this female at the first ever Regional in SD, but she turned out to be my first donor cow that influenced me and my herd greatly. I didn't realize how one little open Simmental heifer would give you so much drive and passion for Simmental cattle for a lifetime. This female posted a 105 WW ratio out of a first calf heifer and an API & TI in the top 1%!

Watch & bid online for FREE at

DVAuction
Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DV Auction's "real-time" internet bidding service!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

After the sale, contact the sale manager or owner to arrange transportation and payment. **High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

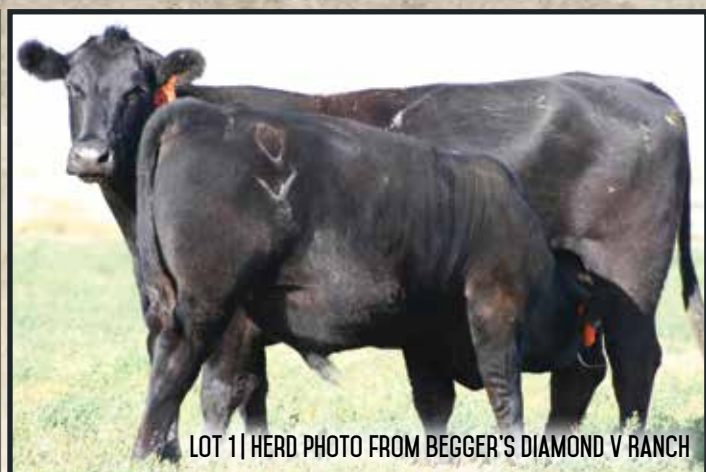

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

LOT 1 | HERD PHOTO FROM BEGGER'S DIAMOND V RANCH

LOT 1 | HERD PHOTO FROM BEGGER'S DIAMOND V RANCH

Lot 1 | BEGGER'S DIAMOND V RANCH | PICK OF THE OPEN HEIFERS

The last several years, we have been opening up our herd for a pick, and this year we will offer the pick of our open heifer calves. You will be able to select any heifer out of our spring or fall programs. These heifers are the latest, most current genetic packages that will be advancing our breeding program for the future. They are the sisters to our present and past bull sales, where the past 3 years have averaged over \$5,000. The spring heifers have been weaned since early September and the fall heifers are still on their mothers - they will be ready to wean early March. Our program has placed heavy emphasis on homo black and homo polled. All of these heifers are black in color and polled. They will carry very little, if any white. The disposition and temperament will be excellent. Maternal values, and udder quality will be very good. We are in the process of DNA validating our entire herd for carcass values along with parentage, color, and polled status.

We are very excited to offer this pick with all proceeds going to Doug Bichler and family, for all he has done for our NDSA and the Simmental breed.

Call us for more information.

• Selling 3 IVF Eggs. She's back! It's our mainstay Donor, U828, whose progeny have averaged over \$10,000 here at Double J Farms. Her ET bulls sired by Boise, Broadway, and Tanker will be sale features in our Jan 27 Bull Sale. Her first calf was a top open, that went on to be a donor for Erika Kenner and a bred topped this sale going to Quandt and Thompson. Whether you are interested in raising show heifers, or super stout bulls, this mating to the ever-popular Profit bull could set you apart. Daughters of U828 are represented in lots 4 and 48 in this sale.

The X011 cow was purchased as an open heifer from Kipp Julson in the 2010 ND State Sale. Her dam is the U828 cow of Kipp's from Lot 2 in this sale! X011 only had females for a few years and have all done well with one selling in the ND State Sale in 2015, and she finally had bulls the last 2 years. They were powerful bulls and were well received in our sales. She made her way to our donor pen and flushed so well, we decided to offer some for sale. Take your pick of the matings. Selling choice of 2 packages of 3 IVF embryos, guaranteeing 1 pregnancy if done by a certified embryologist.

- AI bred to KG High Regard (2790628) on 5/6/17.
- PE to GD C2 (3031144) from 5/15/17 - 6/22/17.
- Ultrasound safe to AI date.
- The sire to D662, LRS Pendleton, has left my program with some awesome females. They are extremely attractive with excellent udders. D662 should follow that pattern. She is safe to the High Regard Angus bull who has worked great in our program. High Regard calves have more rear quarter than your typical SimAngus and are very strong topped. Just a real neat female with huge potential.

- A very functional and complete red, outcross, percentage female. She has the look and conformation to develop the next great line of reds. Sired by Red Oak and out of a Six Mile Uncle Buck, Red Angus dam that consistently makes great females is a blend not down the beaten path. We bred her to Red Baron not in anticipation of this sale, but to try and infuse our herd with his genetics, as we have several daughters and the maternal qualities are fantastic. Take advantage of the early breed date on this female.

E774 is out of a young cow that is really producing the great ones. As I look back in the pedigree, I can see why. But then I wonder, why am I selling this one? Her grandmother is the mother of our main stay Donor, U828, that we are selling eggs out of in this sale. The grandmother produced a 2013 Sale Topper to Natalie Bergquist. In 2016, her mother also produced a top selling bull. This young cow has a 107 weaning weight ratio on 4 and this easy fleshing heifer calf ranked in our top 6 for weaning weight. Her weaning weight EPD is in the top 3% & yearling weight is in the top 2%. In my opinion, E774 is donor pen worthy and should not be leaving the place! Check out www.doublejsimmentals.com for video.

• Here are two full sib, black baldy, PB Simmental heifers that will surely catch your eye on sale day. These two are extremely eye-appealing, attractive, correct, good-footed females that have a ton of potential a head of them. The sire to these exceptional individuals is the up-and-coming WS Stepping Stone B44 that is as physically eye-appealing as you can make a bull. I believe there are great opportunities in your near future and you can't go wrong by bringing one or both of these full sisters home with you on sale day. With Junior Nationals being in MN this year, consider these two females as early Christmas presents for your kids. I am thinking it would be well received!! We are currently waiting on homo polled and homo black tests on these sassy full sibs! Please check our website at www.rustmountainviewranch.com or our facebook page for any updated information on these unique individuals.

• 1766 is a heifer that is going to perform in and out of the show ring. She is out of a first calf heifer that we are really excited about in our program. 1766 has great depth of body and moves very well. She also has a little different pedigree being out of One Eyed Jack. Be sure to look her up sale day.

• The first calf to sell out of WINC Hoss 562C. He has done a great job in our herd making a few blaze faced and baldy cattle. This heifer is at the top for structure, femininity, power and an EPD profile consistently better than average. Her maternal pedigree traces back to our Barbie 553R, a consistent, top-producer of bulls and females that has given us 11 natural calves with a 362-day calving interval. This would make a great heifer to lead around and then turn into a great cow.

• Riddler did not disappoint. We have a large sample of his progeny and E756 is the top female. She is out of a Bullet Proof cow that raises a top weaning calf. U336 is the dam to many top-selling bulls in our past sales, including KLSR Dynasty Z18 that sold to Klain Simmentals in 2013 for \$10,500, KLSR Elite A77 For \$8000 to Steichen farms in 2014 and last year's open heifer in this sale KLSR Ms Power Play D655 sold to Steichen farms. E756 Should turn into an easy keeping, powerful, front pasture cow.

• This is a super daughter out of TNT Outlaw. He sired a \$25,000 son that sold to Hart Simmentals in the 2016 Kunkel Simmental bull sale. Her dam was my pick from Dusty's 2017 spring sale. For me she was the best combination female for style, balance and a wild set of EPD's. She has a +18 CE a -4.1 BW and still over a 100 YW EPD. The dam to 723 has the look and the quality to end up in our donor pen.
